

10.0 LIST OF PREPARERS FOR FEIS

This document was prepared and reviewed by an interdisciplinary team that includes transportation engineers and planners, environmental analysts, cultural resource specialists, geologists, and natural resources specialists. Staff members with major involvement in the preparation and of this document and studies are listed below.

MICHIGAN DEPARTMENT OF TRANSPORTATION (MDOT)

Mohammed Alghurabi P.E., B.S. Civil Engineering. 15 years experience in project development and management, including 11 years of service with MDOT. MDOT I-94 Rehabilitation Project Manager.

Andrew Zeigler, RLA, B.S. Landscape Architecture. 33 years experience in EIS preparation, land use planning, research, and development projects, including 24 years of service with MDOT. MDOT I-94 Rehabilitation Project Region Planner.

Michael O'Malley, B.S. Environmental Science/Biological Education. 17 years experience in EIS preparation. MDOT I-94 Rehabilitation Project Environmentalist.

Sue Datta, AICP, B.S., M.S. Urban and Regional Planning. 11 years experience in EIS preparation, land use planning, and transportation planning. MDOT I-94 Rehabilitation Project EIS Preparation/Review Planner.

Sigrid Bergland, B.A. History of Art, M.A. Historic Preservation Planning. 3 years experience in historic cultural resource analysis and Section 106 (National Historic Preservation Act) compliance, including 1-1/2 years of service as a Historian with MDOT. MDOT I-94 Rehabilitation Project Section 106 Compliance and EIS Cultural Resources Reviewer.

Catharine Jensen, B.A. in Economics, Postgraduate in mathematics, MBA. 12 years experience in Transportation Planning; Specialist in traffic forecasting and operational analysis. MDOT I-94 Rehabilitation Project Transportation Planner.

Paul Sander, SR/WA candidate. 30 years of experience with MDOT in construction, planning, traffic and safety, utilities and permits, and real estate. Holds a Certified General Real Estate Appraisers License and a Real Estate Brokers License. MDOT I-94 Rehabilitation Project Metro Region Appraisal Manager.

Heather Hicks, B.S. Fisheries and Wildlife. 6 years experience with NEPA clearances and environmental reviews. 1 ½ years experience with contaminated sites reviews. MDOT I-94 Rehabilitation Project Resource Analyst and Contaminated Sites Reviewer.

PARSONS BRINCKERHOFF MICHIGAN (PBM)

Hal Kassoff, P.E., B.S. Civil Engineering, M.S. Transportation. 38 year of experience in highway engineering. I-94 Rehabilitation Project Principal-In-Charge.

Barbara Arens, P.E., PTOE, B.S. and M.S. in Civil Engineering. 19 years of experience in highway and transportation planning and engineering. I-94 Rehabilitation Project Manager for the Consultant Team.

Pete Frantz, P.E., B.S. Civil Engineering. 38 years of experience in environmental planning, policy, and environmental document preparation. I-94 Rehabilitation Project Environmental Manager.

Steve Nadalis, P.E., B.S. Civil Engineering. 24 years of experience in highway design, Access Justification Reports, and geometric design. I-94 Rehabilitation Project Design Manager.

Alice Lovegrove, B.E., Engineering Science and M.S., Environmental and Waste Management. 17 years experience in environmental engineering emphasizing mobile source air quality modeling. I-94 Rehabilitation Project Air Quality Specialist.

Arthur Morrone, B.S., Meteorology and Physics and M.S., Atmospheric Physics. 23 years of experience as an acoustical specialist and an accomplished environmentalist focused on traffic noise impact assessment and abatement for such large-scale projects. I-94 Rehabilitation Project Noise Specialist.

Debra Simmons Wilson, B.S. in Social Work, Masters in City and Regional Planning. 24 years of experience in transportation planning, environmental justice, public involvement, and community impact assessments. I-94 Rehabilitation Project Environmental Justice Specialist.

Raymond Magsanoc, B.S. Geology. 9 years of experience in contamination screening and remediation. I-94 Rehabilitation Project Contamination Specialist.

Linda Powell, P.E., B.S. Health Science, M.S. Civil Engineering. 10 years of experience in highway engineering. I-94 Rehabilitation Project Traffic Engineer and Access Justification Report Preparer.

Scott Shogan, P.E., PTOE, B.S. in Civil Engineering. 9 years of traffic engineering and highway engineering. I-94 Rehabilitation Project Access Justification Report Preparer.

Sarah Binkowski, P.E., PTOE, B.S. and M.S. in Civil Engineering. 8 years of experience in forecasting and traffic engineering. I-94 Rehabilitation Project Traffic Engineer and Travel Demand Forecasting.

Lisa Solomon, B.A., Anthropology and Latin American Studies, M.U.P., Urban and Regional Planning. 5 years of experience in NEPA planning and transportation planning. I-94 Rehabilitation Project FEIS Planner.

Matt Hill, EIT, B.S. in Civil Engineering. 4 years of experience in traffic engineering and highway engineering. I-94 Rehabilitation Project Traffic Engineer and Access Justification Report Preparer.

JJR

Steve Ott, B.S., Landscape Architecture, M.S. Resource Development in Environmental Policy and Law. 28 years of experience in NEPA environmental analyses and documentation. I-94 Rehabilitation Project Landscape Architect and Indirect and Cumulative Effects Analyst.

Amy Eckland, B.S., Natural Resource Conservation and Management, M.S. Plant & Soil Science. 7 years of experience in environmental planning and impact analyses for NEPA compliance. I-94 Rehabilitation Project Land Use and Socio-Economic Resources Specialist.

Paul Fontaine, B.G.S., M.S. Urban Planner. 14 years of experience in urban planning and design. I-94 Rehabilitation Project Urban Planner and Context Sensitive Design lead.

Lorri Sipes, B.A., Environmental Design, M.S., Architecture. 21 years of experience in the restoration and reuse of historic structures. I-94 Rehabilitation Project Preservation Architect.

Paul Siersma, B.S., Botany and Plant Pathology, M.S. Urban and Regional Planning. 3 years experience in land use and community planning. I-94 Rehabilitation Project Indirect and Cumulative Effects Technical Report.

CH2M HILL Michigan, Inc.

James Bednar, B.S. Civil Engineering. 26 years experience in the public and private sectors as a specialist in NEPA, Context Sensitive Solutions, and Integrated Transportation Planning. Principal I-94 Rehabilitation Project FEIS QC Reviewer.

David Blevins, B.S. Environmental Science (Ecology), M.S. Biology (Wetland Mitigation). 15 years experience in NEPA analyses and transportation planning. I-94 Rehabilitation Project Water Quality Report co-author.

Farshad Farhang, B.S. Electrical Engineering, M.S. Business Administration. 18 years experience in transportation and industrial acoustics, modeling and noise analysis. I-94 Rehabilitation Project QC Reviewer for Noise Report.

Robert H. Fieldbinder, P.E., B.S. Civil Engineering. 20 years experience in transportation planning and design. I-94 Rehabilitation Project QC Reviewer for Access Justification Report and manager of the CH2M HILL QC review team.

Steven A. Griswold, A.S. Biology, B.S. Environmental and Natural Resource Policy, M.S. Administration. 8 years experience in NEPA, agency coordination, site assessments, remedial investigations, corrective actions, and compliance audits. I-94 Rehabilitation Project Water Quality Report co-author.
